- This film needs to be seen by as many people as possible; the tactics used by the last 2 Governments are worthy of a Police State. Sir Robert Peel and Kier Hardie must be spinning in their graves.
- Superb! Salutory warning! Great Q&A! Thanks to Trudi and Sam
- Far more interesting – and disturbing – than anticipated. Very thought-provoking. Brave people!
- Excellent film and discussion afterwards.
- Very interesting and inspiring
- What a coup to have your guests as well as a fascinating film. This is a great film club and must continue next year.
- Thanks for the opportunity to see this detailed analysis of our descent into autocracy & removal of human rights.
- An eye opener to what is happening. Not what we hear from the media.
- A story not covered by the right-wing media!
